

THE EU Chemicals Directive 1907/2006 REACH

Dear Sir / Madam,

We thank you for your query regarding the EU Chemicals Directive (REACH).

With regards to your query concerning the European Community Regulation on chemicals and their safe use No. 1907/2006 (REACH), we would like to inform you the following.

The responsibilities mentioned in the REACH regulation do not apply to you as user, but apply to the producer or importer of the products.

Our company Jeveka, as importer and supplier of fasteners and tools, is aware of its responsibilities in relation to article 33 in REACH. Jeveka B.V. guarantees that it will comply with these responsibilities in as far as the regulation applies to its products.

Until today no information is present that products supplied by us contain substances from the candidate list (SVHC-223) from January 2022 in a way that they conflict with the EU Chemicals Directive 1907/2006 REACH.

Kind regards,

Jeveka
